ON SLIM WHITMAN, 1923-2013

His recent death awakened me to
A memory of the General Store
Near the mouth of Greasy Creek
In Western Carter County,
On a sunny afternoon in July 1953.

Taking a few hours' break from
The tobacco field, I sat in Fred White's
Bread truck, looking at the porch
With all the soft drink and tobacco signs,
And listened to the Store's radio
Playing his Rose Marie - my first hearing.

I was captivated by that beautiful song
As we drove back to Rowan County, where
I finished spraying our tobacco for flea beetles.

Explorer post program began at Haldeman

The editor:

I am writing concerning the article about the Morehead Fire Department Explorers. In this article it was stated that they were the only Explorer Post in Rowan County.

I am currently the advisor for Hayes Crossing - Haldeman Fire Department Explorer Post. We have been an active Explorer post since 1997 and are still recruiting boys and girls from the ages of 14 and 21. They can learn skills and techniques to become fire fighters, develop good social skills, and learn to work well with others to become part of an effective team. We currently, as does Morehead Fire Department, have fire fighters who began their career as Explorers at the Hayes Crossing - Haldeman Fire Department.

We are still accepting boys and girls as Explorers and hope to see youth in our community join.

If anyone is interested in becoming an Explorer, contact the Hayes Crossing - Haldeman Fire Department at 783-1445. Or come by, our meetings are at 7 p.m. on Thursday night. Hope to see some new faces!

Construction Of Pentecostal Church Addition Announced

The Morehead United Pentecostal Church, which was established March 1, 1959, and has held services in its basement structure since October 1969, has announced plans to start the top sanctuary soon.

The congregation began holding services in March 1959 in a former blacksmith shop on Fleming Avenue and from there began having services at a West Main Street location. Meetings later were held at Hays Crossing until the new basement structure was completed in 1969.

The basement is 80 by 32 feet with four Sunday School rooms, furnace room, kitchen, two restrooms and a sanctuary of 40 by 32 feet.

Work on the top sanctuary is scheduled to get underway in the spring of 1978. The new addition will be approximately 80 by 32 feet and will consist of a nursery, office, restrooms and 60 by 80 foot sanctuary.

Since the beginning of the church it has supported Harvestime, Home Missions, Foreign Missions, Ladies Auxiliary, Pentecostal Conquerors, Bible Schools, state and national projects.

The official radio broadcast of "I

Have Hope" has been on since January of 1971.

Currently the church is sponsoring eight missionary families in Ecuador, England, Paraguay, Indonesia, Israel, Kenya and the Caribbean.

The church is located on North Tolliver Avenue near the Morehead State University campus and members of the congregation currently are giving and making pledges toward construction of the new church.

The present basement building is situated on a city lot, 150 by 145 feet, and has a street at the front and rear of the facility.

Lloyd Dean is founder and pastor of the church.

In the 1950s, I could have found and bought a good used

I always enjoy seeing cars and Packard of 1950s vintage,
It's much to look to own one.

In Summer of 2014, I revisited that setting on

is now empty but in pretty good condition. In 1953,
business there was thriving.
